Simpang 288, Jalan Rasau-Sungai Tujoh, Kuala Belait
KA3331, Brunei Darussalam

PUMP AND ENGINE TECHNICAL SPECIFICATION

Description	Details
Pump Skid Dimensions (L x W x H)	1.7 x 1.0 x 1.82 m
Pump Weight (kg)	1,400 kg
Pump Model	Willflow WD290-43x4
Pump Type	Centrifugal Multi-stage (4 stage)
Maximum Pressure (Bar)	16 Bar
Maximum Flowrate (m3/h)	250 m3/h

Description	Details
Engine Skid Dimensions (L x W x H)	1.4 x 1.0 x 1.82 m
Engine Weight (kg)	1,500 kg
Diesel Engine Model	CUMMINS 6LTA8.9 C360
Engine Power (HP)	260 HP
Max c/shaft (rpm)	2,200 rpm
Inlet Pump Connection	6" x #300
Outlet Pump Connection	6" x #150
Fuel Tank Capacity (L)	280L

GENERAL REMARKS

Description	Details
Condition	Used - Good working condition
Last Inspection & Test Date	May 2024
General Remarks	Skid frames are not approved for offshore lifting. Certified fabrication drawings are available

Pump Curve 1500rpm
